FAQ.....27

FAQ: After Funding is Awarded28

Before You Begin

- You will need an OH|ID account to create a College Credit Plus Funding Application.
- To create the [OH|ID](#) account, you will need identification.
 - Note: if you already have an OH|ID account, you will use that account. There is no need to create a new account.
- The application must be created under the **parent or guardian's** OH|ID account.
- You will need a **college acceptance letter or letter of good standing** (for returning CCP students) to upload into the application. The application cannot be submitted until proper documentation has been uploaded.
- Homeschool parents: If your student is a returning College Credit Plus student, you must submit **documentation that verifies your student's eligibility** in the program. A copy of the student's grades or college transcript(s) must be uploaded before submitting the application. (Unofficial transcripts are sufficient.)
- You must click SUBMIT at the end of the application to receive funding. The system can only award funding to an application that is in the SUBMITTED status.

IMPORTANT:

The following instructions provide the steps that you must complete to request funding for your student to participate in College Credit Plus. Screenshots are used to show what you will see on the screen through each step. Helpful red circles and arrows point out areas that you should click or notice.

Please avoid waiting until the last day to begin the application. Although this electronic funding application is intended to be user-friendly, it is possible that you will experience technical difficulties or unexpected delays. Please begin and then submit the application as soon as possible, preferably within a few days before the deadline.

Creating an OH|ID Account

Users can access the College Credit Plus Funding Application through the Ohio Department of Education's web-secure portal known as OH|ID.

You can access the OH|ID Login link which is located at the top of the Ohio Department of Education home page, www.education.ohio.gov or you can click on this direct link: <https://OH|ID.ode.state.oh.us/portal>.

Step 1:

- Click on "Login" at the top of the <http://www.education.ohio.gov> screen in Figure 1.

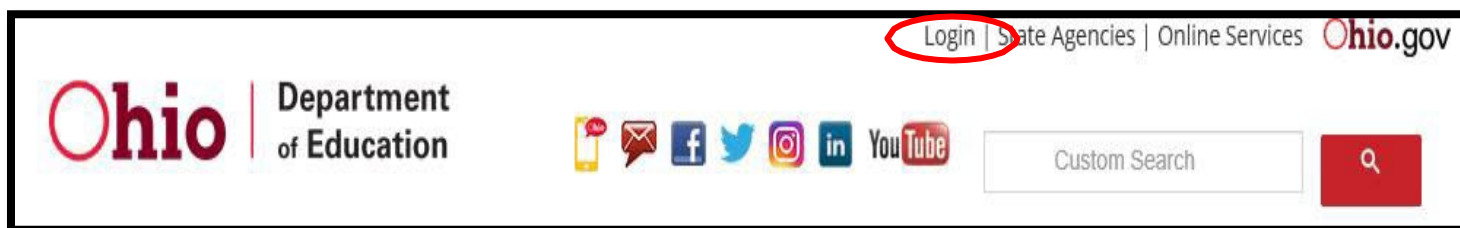

Figure 1

As shown in Figure 2, this screen will help you access the OH|ID PORTAL.

Note: Click on this link for a [Step-by-Step](#) guide.

Step 2:

- Click on the “OH|ID PORTAL” button, as shown in Figure 2, to either create an account or log in (for existing users).

PLEASE SELECT THE OPTION THAT BEST APPLIES TO YOU:

A teacher, superintendent, parent, or other customer of the Department of Education:

The SAFE portal has now been integrated with OH|ID. In order to access your existing SAFE applications, please click the button below to access the new OH|ID platform.

Important: Your SAFE credentials will not work in the OH|ID platform.

Please create a new OH|ID account if you do not already have one.

OH|ID PORTAL

Need Help? Visit the [Department of Education OH|ID Portal Help webpage](#) for information on how to access and navigate the OH|ID portal.

An employee of the Department of Education:

The SAFE portal has now been integrated with myOhio. In order to access your existing SAFE applications, please click the button below to access the new myOhio platform.

MYOHIO PLATFORM

Figure 2

Step 3:

Once your OH|ID account has been created, log into your account and complete the Department of Education Profile Setup as shown in Figure 3:

Figure 3

In the setup process, you must select the role ***I am a parent signing up for the College Credit Plus Program from the dropdown menu.***

If you did not see the College Credit Plus option, or already had an OH|ID account, you should run the Department of Education Application Request by clicking on the Go to Site on the tile as shown in Figure 4.

Figure 4

Here is a copy of the tile to access the CCP program as shown in Figure 5.

Figure 5

Step 4:

CREATING THE COLLEGE CREDIT PLUS APPLICATION

Once you have entered the College Credit Plus portal, there will be a “College Credit Plus Parent Dashboard” with a list of any student associated with your OH|ID account (as shown in Figure 6).

If there is any “Student Detail” for the associated student, you can review any prior activity for the student by clicking on the blue “VIEW” button as shown in Figure 6. If you are applying for CCP for your student for the first time, the Student Detail section will be blank.

To create a new application for the 2023-2024 academic year, proceed with these steps.

Step 5:

- Click on the “Select Program” menu on the top left of the screen (as seen in Figure 6).

The screenshot displays the 'College Credit Plus Parent Dashboard'. At the top, a blue header bar contains a 'Select Program' menu icon (three horizontal lines) and the text 'College Credit Plus Parent Dashboard'. Below the header, a pink banner reads: 'Click Select Program to choose Homeschool (students excused from the compulsory attendance law) or Nonpublic (students enrolled in a Nonpublic school) Application'. The main content area is divided into two sections: 'Student Details' and 'Task List'. The 'Student Details' section features a table with columns: YEAR, STUDENT NAME, PROGRAM, AWARDED HOURS, STATUS, and COLLEGE. A single row is visible for the year 18-19, student Black, Warren EARL, enrolled in College Credit Plus - Nonpublic, with 0 awarded hours and a 'Started' status at the University Of Toledo. A 'VIEW' button is next to the row. The 'Task List' section below it shows a table with columns: TASK TITLE, START DATE, and STATUS, but it contains the message 'No data available in table'. A red circle highlights the 'Select Program' menu icon in the top left corner.

Figure 6

You will see choices for “Select Program” in a drop-down list (as shown in figure 7).

Step 6:

- Click on “College Credit Plus - Home School” or “College Credit Plus – Nonpublic” as it pertains to your student.

Note: Non-chartered/non-tax supported schools (“08”) must choose “College Credit Plus – Nonpublic.” Select “College Credit Plus – Home School” if your local district superintendent has excused your student from the compulsory attendance law. A copy of the excusal letter must be uploaded in the funding application.

Figure 7

In the next screen, you will begin by searching for your student (Figure 8). This action is done in order to ensure that there are not duplicate student records.

Module: Student

Program Selected: College Credit Plus - Nonpublic

Please note: The Year will indicate “2023-2024 School Year” on your screen.

First-time applicants will not have a Student ID or Application ID number. Please search using the student's name. If you have not already created a College Credit Plus application for your student, please click here to: [create new application](#).

Search Reset

Step 7 SEARCH

Step 8 CREATE

Figure 8

On this screen, there are two primary steps to complete: SEARCH and CREATE.

Step 7:

- **SEARCH**: To search for your student, enter your student's first name in the “Student First Name” field and the student's last name in the “Student Last Name” field.
- Click the blue “Search” button.

Note: If there are no duplicate records, then you will see the “Your search parameters return ZERO results. Change parameters and try again” as shown in Figure 8 near the bottom of the screen (green box area).

Step 8:

- **CREATE:** Click on “create new application” as shown in Figure 8 with a red circle and arrow.

Note: Any students associated with your OH|ID who has a current 2022-2023 application in the system should be listed at the bottom of the page under “Search Results.”

The next screen (Figure 9) will ask you to provide information about the student for whom you need to create a new application.

Steps 9 and 10:

- Type in the “Student Date of Birth,” “Student First Name,” and “Student Last Name” in the appropriate fields.
- Click on the blue “Search” button.

The system will search for a 2022-2023 application.

Figure 9

Search Reset

Please note: The Year will indicate “2023-2024 School Year” on your screen.

If a student has had an application in the past and you do not find them in your search, contact the program office for assistance before creating a new student. Creating a duplicate student will delay the application approval process. Click **HERE** to Add a New Student to the system

Figure 10

You will then see the Student Information, Student Home Mailing Address, and Application Information (Figure 11). Some fields will be automatically populated.

Step 12:

- Type in or select any information that is currently blank. If there is a red * next to a field then it is a required field.

Note: Non-chartered/non-tax supported schools (“08”) must type in “136846” for the Nonpublic School IRN as shown in Figure 11. Do not search for a school name. If your student attends a Chartered, Nonpublic school, please use the school’s designated IRN.

Create New Student Application

*2019-2020 School Year Grade Level 11th Grade		

Please note: The Year will indicate “2023-2024 School Year” on your screen. Make sure you choose the correct grade level for the 2022-2023 school year.

Figure 11

Scroll down the page until you see the “Intent to participate in the College Credit Plus (CCP) program” box (Figure 12). There is not a separate intent form.

Steps 13 and 14:

- Read the information and click on the box if you certify the information as stated in the box.
- Click on the green “CREATE NEW STUDENT APPLICATION” button.

The figure shows a web form titled "Intent to participate in the College Credit Plus (CCP) program". The form contains three paragraphs of text. The first paragraph states that signing the form does not require participation. The second paragraph states that submitting the Letter of Intent does not guarantee admission to a college or university and it is the user's responsibility to apply to a participating institution of higher education for admission under CCP. Upon admission to an institution of higher education, it is the user's responsibility to complete and electronically submit an online Application for College Credit Plus Funding. The third paragraph states that by checking the box, the user certifies that the Ohio Department of Education is not liable for a student's funding if the user does not complete and submit the CCP funding application through the SAFE account by the deadline. Below the text is a checkbox with a red asterisk to its left. A red arrow points to the checkbox.

Intent to participate in the College Credit Plus (CCP) program

I would like to declare my intent to participate in the College Credit Plus (CCP) program. I understand that signing this form does not require participation.

I also understand that submitting this Letter of Intent does not guarantee admission to a college or university and it is my responsibility to apply to a participating institution of higher education for admission under CCP. Upon admission to an institution of higher education, it is my responsibility to complete and electronically submit an online *Application for College Credit Plus Funding*.

By checking this box, I certify that the Ohio Department of Education is not liable for a student's funding if I do not complete and submit the CCP funding application through the SAFE account by the deadline.

* ☐

Figure 12

The figure shows two buttons at the bottom of a form. On the left is a red button with a white 'X' icon and the text "Cancel". On the right is a green button with a white checkmark icon and the text "CREATE NEW STUDENT APPLICATION".

Parents must declare, on behalf of their student, the student's intent to participate. This is now only completed electronically within this funding application process; paper or emailed copies cannot be accepted.

Homeschool parents: If your student is a returning College Credit Plus student, you must submit documentation that verifies your student's eligibility in the program. Be prepared to submit a copy of the student's grades or college transcript(s) before submitting the application.

NOTE: You are entering your student's grade level for the upcoming **2023-2024** school year.

Students may participate in College Credit Plus only one year as a 12th grader. If your student has participated in the past as a 12th grader, he or she may not be eligible to participate again

Once the application is created, the student's College Credit Plus ID will be in the center above the tabs, and the current status of the application will be in the opposite corner (shown in Figure 13).

Figure 15

Step 17:

- Click on the “Application” tab

Review the “Application Information” as shown in Figure 16.

Step 18:

- On the “Application” tab screen, click on the small blue square image next to the word “Information” as shown in the red circle in Figure 16.

Figure 16 is a screenshot of the 'Application Information' tab in the College Credit Plus application system. The page header shows the student's ID (CCP227034), name (Warren EARL Black III), period (2018-2019 School Year), and status (Started). The 'Application' tab is selected, and the 'Application Information' sub-tab is highlighted with a red circle. The main content area displays a message about the application status, student information (2018-2019 School Year Grade Level: 12th Grade, Total number of credit hours requested: 8, Student's previous/current fiscal year Scholarship program enrollment: N/A, Nonpublic School: 052852, Central Catholic), and a list of colleges/universities. The 'Award Detail' section shows Requested Credit Hours: 8, Awarded Credit Hours: 0, and Unused Credit Hours: 0. A blue callout box on the right states: 'Please note: The Period will indicate “2023-2024 School Year” on your screen.'

Figure 16

Within the “Edit Student Application” box (the blue square image), review the information (as shown in Figure 16).

Please Note: Your student’s grade level is for the 2023-2024 school year.

Step 19:

- Type in the **total number** of **credit** hours requested for the entire 2023-2024 school year (summer, fall, and spring) (Figure 17 below). Check with the college to determine the number of credit hours you should request; this should be based on the total number of credit hours of your course choices.

The maximum number of hours that can be requested is 30; however, this is dependent on the number of high school courses the student is also taking. See the FAQ #5 on page 28.

Step 20:

- After you have added the total number of credit hours requested, click on the green “UPDATE STUDENT APPLICATION” button.

Edit Student Application

* 2019-2020 School Year Grade Level
10th Grade

*Nonpublic School
136846
(Enter IRN or Name)

*Total number of credit hours requested
3

Please note: The Period will indicate “2023-2024 School Year” on your screen.

*Required Fields

Cancel UPDATE STUDENT APPLICATION

Figure 17

NOTE:

- Remember that this is a **requested** number of credit hours; there is no guarantee this amount will be awarded.
- This is the amount needed for the **ENTIRE** school year, not just a term. There is one round of funding per school year.
- You are requesting funding for college credits, not high school, so one or two credits will typically not cover a course. Most college courses are three or four credit hours per semester. Check with the college if you are not sure.

Anticipate the number of credit hours needed for the **ENTIRE** school year before entering a number. For instance, if a student is considering two courses per semester and each course is three credit hours per semester, request 12 credit hours for the school year. If you do not know the number of courses or the number of credit hours needed, make the best guess possible. Most colleges and universities will post their course catalogs on their websites; you can attempt to review the catalog to determine credit hours, or you can contact the college to inquire. The maximum number of credit hours that can be requested is 30. See FAQ #5 on page 28.

There is no guarantee that a student will be awarded the requested number of hours. The process for determining the number of credit hours awarded is in Ohio Administrative Code 3333-1-65.8.

On the Application tab screen (Figure 18), you will add the college at which your student has been admitted will enroll.

Step 21:

- Click on the green “Add College/University” to add another college to the application. Multiple colleges can be added; you must have the acceptance letter for each college the student wants to attend.

The screenshot shows the 'Application' tab in a web application. At the top, it displays the student's ID (CCP227034), name (Warren EARL Black III), period (2018-2019 School Year), and status (Started). Below this are tabs for Student, Parent / Guardian, Application, Docs, Status / Flags, and Comments / History. The 'Application Information' section contains a red warning message: 'The Application must be in the Submitted status to be considered for funding. Click on the Status/Flags tab to change the status to submitted.' It also lists details for the 2018-2019 School Year, including the grade level (12th Grade), total number of credit hours requested (8), and the student's previous/current fiscal year Scholarship program enrollment (N/A). The 'List of Colleges/Universities' section shows a table with one entry: '063069, University Of Toledo'. A green button labeled 'Add College/University' is circled in red. The 'AWARD DETAIL' section shows 'Requested Credit Hours: 8', 'Awarded Credit Hours: 0', and 'Unused Credit Hours: 0'. A blue note box states: 'Please note: The Period will indicate "2023-2024 School Year" on your screen.'

Figure 18

NOTE: University of Cincinnati Blue Ash does not have a different IRN than the University of Cincinnati main campus. Students attending Cincinnati Blue Ash should choose University of Cincinnati, IRN 062927, for the Blue Ash campus. **This is similar for all universities that have regional campuses.**

When you begin to type in the name of the institution, a drop-down list will appear.

Step 22:

- As you type the name, click on the name of the college from the list. The IRN will be added automatically to the field.

The school's Information Retrieval Number (IRN) and name will appear in the LIST OF COLLEGES AND UNIVERSITIES box.

If your student will attend more than one college or university, click the “Add College/University” button again and search for the additional institutions.

Step 23:

- When finished added colleges, click “ADD COLLEGE/UNIVERSITY.”

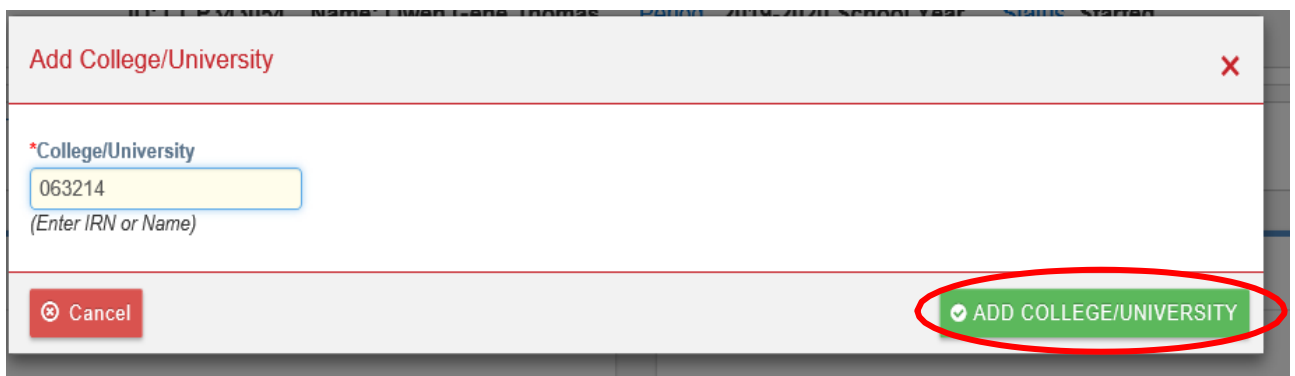

Figure 19

To continue with the application process, you will now upload required documents.

Step 24:

- Click on the “Docs” tab.

You will see the screen as shown in Figure 20.

Step 25:

- Click on the blue “Upload Document(s)” link in the “Documents on File” box to upload the college acceptance letter.

Note: If you do not have a final acceptance letter available, a conditional letter (i.e., one that states a student will be accepted if he or she meets certain criteria) will be acceptable temporarily. A final acceptance letter must be uploaded by August 30.

If the student is a returning College Credit Plus student, a letter of good standing or some other document from the college must be uploaded to show that the student is still enrolled and will continue to enroll in the 2023-2024 school year.

The screenshot displays the 'Docs' tab of the application interface. At the top, a header bar shows the student ID (CCP227034), name (Warren EARL Black III), period (2018-2019 School Year), and status (Started). Below the header, a navigation bar includes tabs for Student, Parent / Guardian, Application, Docs (highlighted with a red circle), Status / Flags, and Comments / History. The main content area is divided into two sections: 'Uploaded Document Type' on the left and 'Documents On File' on the right. The 'Uploaded Document Type' section shows a message: 'Following required documents are not uploaded. College acceptance letter(s)'. The 'Documents On File' section features a table with columns: NAME, TYPE, DATE UPLOADED, REVIEWED, HISTORY, and a DELETE button. The table is currently empty, displaying 'No Documents on File'. A blue callout box with white text states: 'Please note: The Period will indicate "2023-2024 School Year" on your screen.' A red 'Delete Document(s)' button is visible in the top right corner of the 'Documents On File' section. A red circle highlights the 'Upload Document(s)' button in the 'Documents On File' section.

Figure 20

ADDITIONAL STEPS FOR HOMESCHOOLED STUDENTS

Additional Steps:

- Homeschool families will need to upload the letter from the superintendent of your school district excusing your student from compulsory attendance. Your family likely received this at the beginning of the current school year.
- Returning homeschool CCP students are required to upload a copy of their grades or college transcript(s) to ensure with compliance with the underperforming student rule, [Ohio Administrative Code 3333-1-65.13](#). Students must have a College Credit Plus GPA of 2.0 or above and must not withdraw from two or more courses in one term. (Unofficial college transcripts are acceptable. Ensure that this document includes a college logo or some other identifier.)

Figure 21 illustrates the “pop-up message” you will receive if you have not uploaded a required document. All students must provide the college acceptance letter (or a returning student provide a good academic standing document).

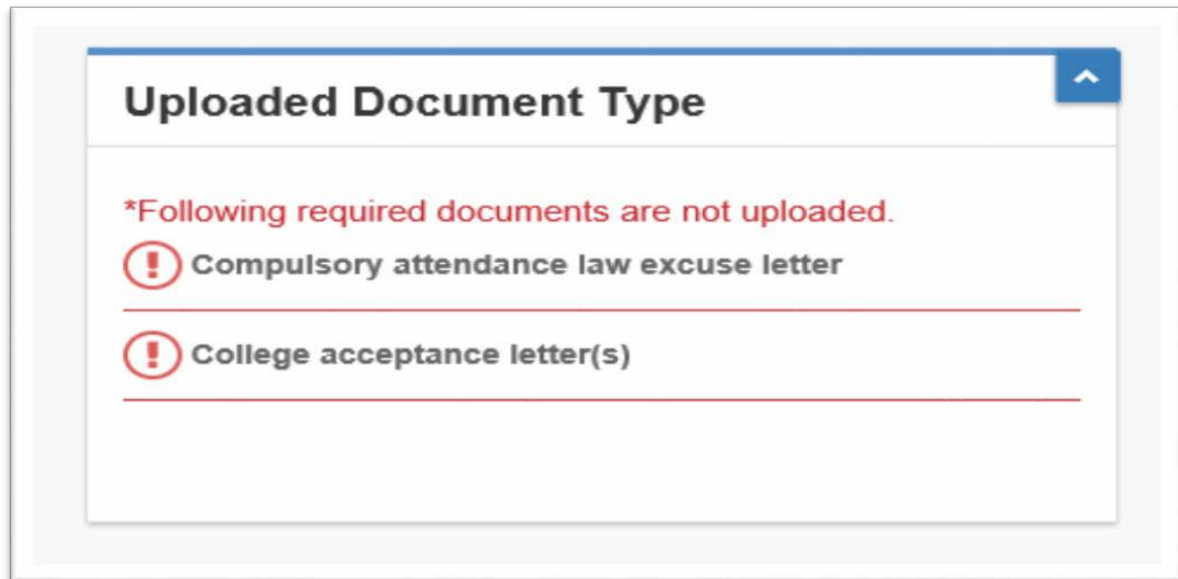

Figure 21

NOTE: If required documents are not uploaded, the system will not allow you to submit the application.

On the “Document Upload” screen, Figure 22, you will select the type of document and the files to upload. Steps 26 and 27:

- Click on the small “v” (down arrow) to select the “Document Type.”
- Click anywhere in the white box to browse for a file or drag and drop the file from your desktop. Once the file has been selected from your computer, upload or drag it into the white box.

Document Upload

Document Type

College acceptance letter(s) ▼

Drag and Drop ⓘ

Drop files here to upload or click here to browse for files

- Under Document Type drop down list, select the document type you would like to have the document(s) listed under.
- You may select more than one document at a time.
- Drag file from file window to the Drag and Drop window to upload files.
- Maximum file size is 10 MB.
- Only the following file extensions are accepted
.doc, .docx, .gif, .jpg, .jpeg, .mht, .pdf, .txt, .xls, .xlsx, .xism, .xlsb, .png.

Close

Figure 22

When the upload is complete, the screen will look like this (Figure 23):

The screenshot shows a web interface titled "Document Upload" with a red close button in the top right corner. Below the title bar, there is a "Document Type" section with a dropdown menu currently set to "College acceptance letter(s)". Underneath is a "Drag and Drop" area with a blue information icon. A file upload preview is visible, showing a document icon, the size "11.8 KB", and the filename "College Acc...". At the bottom of the interface, there is a list of instructions and accepted file extensions: ".doc, .docx, .gif, .jpg, .jpeg, .mht, .pdf, .txt, .xls, .xlsx, .xlsb, .png". A red "Close" button is located in the bottom right corner.

Figure 23

When you have uploaded all the required documents, to continue:

Step 28:

- Click the red "Close" button.

The uploaded documents letter will appear under the "Documents on File" section, as shown in Figure 24.

Note: Remember that homeschool students must also upload the letter excusing the student from the compulsory education and returning homeschool CCP students must have a document showing student grades/transcripts.

Figure 24

When you have completed and provided information for the first four tabs AND you are ready to complete the application process (as shown in Figure 25). Complete steps 29 and 30.

Step 29:

- Click on the "Status/Flags" tab.

Under "Status," you will see that the current application has been "Started" and now you can "Submit" the application.

Step 30:

- Click on the word "Submitted" under "Status."

Status

CURRENT APPLICATION STATUS: Started

UPDATE APPLICATION STATUS TO: Submitted

Please note: The Period will indicate "2023-2024 School Year" on your screen.

Figure 25

A pop-up message will appear. This message is for you to confirm that you are complying with the laws and regulations regarding College Credit Plus in addition to understanding the financial responsibility, Figure 26.

Step 31:

- Click “Yes” if you agree to the terms.

Note: Clicking “no” will not allow you to submit the funding application.

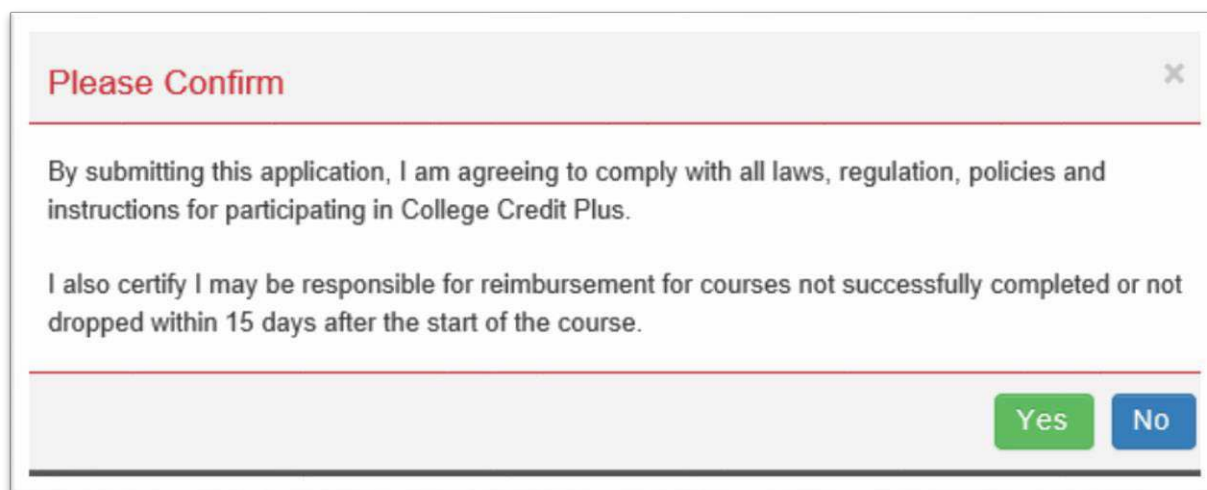

Figure 26

Reminder: The application MUST be in the Submitted status prior to the funding application deadline (April 1, 2023, at 5pm) to be considered for funding.

After you have confirmed “yes” on the pop-up message, you will return to the application screen with the six tabs at the top. You will see that your “CURRENT APPLICATION STATUS” is now in the “Submitted” status.

This will be indicated in the “Status” box, as well as in the blue ribbon at the top of the page (see circled areas on Figure 27). An application MUST be in submitted status prior to the funding application deadline (April 1, 2023, at 5 p.m.) to be awarded funding.

Congratulations! If you have completed all the steps and have changed the status to “Submitted,” you have completed the application.

- You will receive an email confirmation in the email account that you provided. This email confirms that the application has been submitted.
- You will also receive notifications in that email address for a variety of other messages such as reminders of the deadlines.

Note: The funding award will be posted within the OH|ID system by May 5, 2023. You will receive a notification email when it has been posted. This email will include instructions to access the award letter.

Application Submitted!

FAQs:

1. I already sent in a paper application. Why do I have to complete one online also?

The entire application process is electronic. Paper forms are neither available nor accepted.

2. We created an application last year. Do we need to do this again this year? If so, why?

New funding is available each school year, and funding does not carry over from school year to school year. An application lets the Department know your student is participating, as well as how many credit hours for courses he or she would like to have funded. If an application for the upcoming school year has not been submitted, the system cannot award new funding.

3. Can my student complete the application in his or her own OH|ID account?

No. The application must be created in the parent or guardian's OH|ID account.

4. What documents do I need?

You will need a digital copy of your student's college acceptance letter or a conditional acceptance letter to complete the application. Returning students will need to submit a letter or document showing academic good standing instead of the college acceptance letter.

Home school students will need their current 2022-2023 compulsory attendance excusal letters from their local districts. This is the letter every homeschool family should request from the district at the beginning of the school year. Returning home school students will also be required to upload a copy of the student's grades or college transcript(s) to comply with the provisions in the Ohio Administrative Code [3333-1-65.13](#) for underperforming students.

5. How many credit hours do we need to request?

You are requesting funding for college credits, not high school, so one or two credits will typically not cover a course. Most college courses are three or four credit hours per semester.

This is the amount needed for the ENTIRE school year, not just a term. There is one opportunity to request funding per school year.

Anticipate the number of credit hours needed for the ENTIRE school year before entering a number. For instance, if a student is considering two courses and each course is three credit hours per semester, request 12 credit hours for the school year. If you do not know the number of courses or the number of credit hours needed, make the best estimate possible. The maximum number of credit hours that can be requested is 30; however, if the student is taking high school courses only, in addition to College Credit Plus courses, you must calculate the maximum number with this formula:

$30 - (\text{High school courses only} \times 3) = \text{maximum number of credits}$. If the student is taking 3 high school courses, the calculation would look like this:

$$30 - (3 \times 3) = \text{maximum}$$

$$30 - 9 = 21 \text{ maximum credit hours to be requested}$$

Note that this is a request for funding for credit hours. There is no guarantee on the number of credit hours that will be funded for a student.

6. I am receiving a message that says I cannot create an application for my student. What should I do?

Because OH|ID is used for many programs, it is possible your student is linked to another scholarship program in the system, such as Jon Peterson or EdChoice. Contact ccp@education.ohio.gov with your student's name and any other programs that may be linked to him or her.

7. What is the absolute last day I can apply for funding?

The last day you can apply for funding for the 2023-2024 school year is **April 1, 2023, at 5 p.m.** At this point, the system closes, and we cannot accept further applications. The Department is unable to give extensions due to the number of applicants and the time it takes to complete the award process.

8. How soon can we expect to receive our award letter?

Per Ohio Administrative Code 3333-1-65.8, awards must be made available five weeks after the application deadline. Letters will be posted in the funding application in the Award Detail tab no later than **May 5, 2023**.

After Funding is Awarded FAQs

9. Why didn't my student receive all the requested funding?

The Ohio General Assembly provides an appropriation for homeschool and private school students. The amount that can be awarded depends upon the amount of funds provided and the number of applicants.

10. I've read that the credits are awarded in "units." Why is a unit worth four credit hours?

Higher education institutions have various numbers of credit hours assigned to different courses. Four credit hours will generally cover at least one course. Check with the student's college course catalog for specific information.

11. Can my student switch to private school from homeschool or homeschool to private school and have the funding transfer?

No. The monies for private school students and homeschool students are separate funding sources; therefore, a student will not be able to transfer his or her awarded funding if they transfer during the academic year.

In the case of a private school closing or a transfer from one private school to another, the student's funding still will be available.

12. Am I able to transfer my unused credits to another student?

The transfer of credits between students is not available. Once a student is awarded funding, those monies are his or hers to use during the entire school year. If a student is awarded funds but chooses to attend public school, the funds would still be available should there be a change of plans in the student's education choice later in the school year.

13. Can I transfer my student to public school after the funds have been awarded?

Yes, provided a letter of intent was submitted to the public school by April 1. If it was not, the principal will have to approve the student participating in the College Credit Plus program. This is a local decision that the Ohio Department of Education cannot influence. If a student transfers to a public school and is permitted to participate, the funding award for private or homeschooled students is forfeited for that school year.

If you have additional questions, please email ccp@education.ohio.gov. Please allow at least 48 hours for a response to due heavy volume of emails received.

If you are having issues with your OH|ID account, please contact the OH|ID administrator at 877-644-6338.
