## BAND SUPPLY LIST

### Welcome to Band!

**Buddy Roger's Music** (North College Hill) and **Mehas Music** (Hamilton; Blue Ash) are local music stores. They provide affordable purchase and rental options and a reputable repair shop. However, you are not required to use them, and they are not the only high-quality music stores in town. Please be wary of instruments for sale online and at pawn shops. They may or may not be good quality. You may ask the band director to check an instrument prior to buying online or from a pawn shop. Students require quality instruments in order to succeed and achieve their potential.

Students should have their instruments and other necessary accessories, texts, and materials by Monday, August 21. Do not wait until the last minute; start preparing now. Buddy Roger's Music and Mehas Music will deliver instruments, books, and materials to CCS on or before August 21 if ordered well in advance online or in store. If you secure an instrument by another means, it is best to not let your child take out the instrument until the band director teaches them how to properly assemble it.

Some instruments are very fragile, and students might inadvertently damage them.

*The Essential Elements* book is a wonderful resource, and it would be extremely valuable if you would sit down with your student and watch the online videos within *Essential Elements Interactive*. Please monitor your child practicing with the instrument. It will help them grow tremendously as a musician, and it would be a very special time that you can share with your child that they will most likely always remember.
