

SCHOOL NURSE

Cincinnati Christian Schools is in search of an energetic, compassionate, and service-oriented individual to fill a vacancy as a full-time school nurse. This position will be selected through CCS but will be filled through the Butler County Educational Service Center (BCESC). This individual will officially be an employee of the BCESC but will work at CCS.

CCS is a distinctively Christian school that prepares Christian students for Kingdom service. Our faculty and staff have a contagious love for Jesus Christ, a passion for the work they do, and a desire to form meaningful relationships with students, parents, and coworkers. Qualified candidates must be licensed registered nurses with the state of Ohio.

The primary goals of the school nurse are to care for our students; provide a healthy and safe environment; and maintain all medical records required by the state, district, and school. The school nurses on staff will rotate between both campuses; therefore, the nurse must be able to operate independently but still work as a team with the other staff nurse or health aide to meet the school community's needs.

The school nurse is also responsible for the annual education of faculty and staff on CPR, first aid, and medication requirements. In addition, the school nurse maintains immunization and health records as well as medical supplies. As needed, assistance is required with tasks such as answering school phones, helping with emergency drills, and other clerical duties.

This is a full-time position with full insurance coverage (medical, dental, life, short-term, and long-term disability), paid holidays, paid sick leave, paid professional days, and tuition financial aid for school-age students who attend Cincinnati Christian Schools.

For additional information contact Mei Ling Rumping, Director of Human Resources at meiling.rumping@cincinnatichristian.org. To apply, please visit the Employment section of our website to complete our online application.
